

## **Membership Requirements**

### **TIME COMMITMENT**

The Rotary Club of Sacramento is able to make a significant impact in our community due to the active involvement of our members. While recognizing that all community leaders have busy schedules, the Rotary Club of Sacramento is a service organization and all members are expected to actively participate.

#### **Tuesday Lunch Meetings**

A minimum attendance rate of 50% is expected at weekly lunch meetings. Meetings can be made up at other clubs. With weeks off for holidays and events, there are a total of 40 lunch meetings each year.

Volunteers are essential for the success of the Sac Century. Please hold the first Saturday of October each year and plan to spend the full day volunteering.

#### **Golf 4 Kids Fundraiser**

#### **Service**

Participate in volunteer opportunities in our community throughout the year such as Loaves and Fishes or American River Parkway clean up days. Serve our club through involvement on one of the many committees. These opportunities vary throughout the year and can be selected to fit your schedule.

### **FINANCIAL COMMITMENT**

By supporting dozens of local nonprofits and projects around the world, your dues and donations are leveraged by the extraordinary commitment of our volunteers, making membership in the Rotary Club of Sacramento one of the best charitable investments you can make.

Being a member of the Rotary Club of Sacramento requires a substantial financial obligation. We understand that not everyone is able to make this commitment but it is important that either you or your organization fully understand what is expected.
